## ABOUT INDIA CYBER SECURITY DIALOGUE

India Cyber Security Dialogue Slowly becoming aware of emerging cyber threats, organizations worldwide will spend \$96.3 billion on security in 2018, an increase of 8 per cent from 2017. It is also predicted that by 2019, total enterprise spending on security outsourcing services will be 75 per cent of the spending on security software and hardware products, up from 63 per cent in 2016 (Source: Gartner).

In view of cyber resilience as the key theme, UBM India, is hosting "The Cyber Security Dialogue", scheduled to be held on 27th-28th September 2018 at Orchid Mumbai. The 2-day Dialogue with reformative panel discussions, aims to create a platform for all the stakeholders to discuss the current trends and future threats, which are affecting the organizations & business effectiveness. It will engage the most promising and emerging national & global firms, from CNI's and other sectors including: Energy & Utilities, Defense & Aviation, BFSI, Hospitality, Healthcare, Manufacturing Institutions, Telecom.

The conference saw participation from eminent speakers like such as Dr.Vinay Wandrekar, Senior Information Governance Manager, Novartis Healthcare Pvt. Ltd.; Dr. Pawan K Sharma, Head, IT Operations, Tata Motors; Amit Ghodekar, Vice President Information Security Motilal Oswal Securities Limited; Ashokkan Somuveerappan, CIO Columbia Asia Hospital; to share their perspective on the future of cyber security in India and its various aspects.

Over 150 key players emphasised on various aspects like Cyber Security Implications of Big Data in Healthcare, Cyber Threat Intelligence, Reducing Cyber-Exposure Gap on Modern Assets, Cyber Resilience in Critical National Infrastructure , Managing the Cyber Security and Operational Sides: Industrial Cyber Security, Role of AI, Machine Learning & Deep Learning, Importance of Implication of Cyber Security Education and Training in India: Bridging the Talent Gap, Resiliency in Fraud Prevention & Detection with the proliferation of connected devices (IoT), The Evolving and Expanding Nature of Cyber Threats, Cyber Resilience in Digital Age: Securing Digital Economy in IT sector.

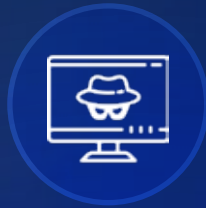

UBM India was honoured to bring together some of the nation's most influential experts at this summit to discuss the latest innovations, key challenges and current trends in the field of Cyber Security.
